Description and how to apply

Jason Elliott Barristers is a Barristers' Chambers based in the north-east of England. We are rapidly developing a wide portfolio of varied and high-quality work and have a vision of developing into a leading provider of legal services in the region and nationally. We currently have 5 practitioners of significant experience, who practise in a wide variety of disciplines, as well as two pupils.

We serve a wide range of clientele, and value every client relationship greatly. Each engagement benefits from the depth and breadth of our expertise. We approach every client with a focus on integrity, advocacy, and understanding. We aim to develop our areas of practice and pursue effective expansion. To this end, we take very seriously the commitment to building a strong team in a friendly and dynamic environment.

We are inviting ongoing applications from practitioners, either already established or who have recently completed pupillage. Our workload is growing rapidly, with members taking on matters of genuinely high quality. We are consistently instructed in more work than we can possibly service and are keen to increase our numbers to deal with this swift upturn in chambers' instructions. Members can typically expect to bill upwards of £4,000 per month.

We are committed to offering the best possible opportunity to those who wish to join a growing set and have ambitions to be involved in the development of a new and different approach to the modern Bar.

As a relatively new set, we involve ourselves to a great extent in self-promotion and marketing, in order that our members may build their own practices and reputations, and also those of chambers in general. We offer a friendly, familial and down to earth environment, and every encouragement and support to members in making a success of their careers at the Bar.

For a confidential conversation, please contact Chambers via the above email address. We would be delighted to hear from you.
